

Proposed Scottish Employment Injuries Advisory Council Bill

Introduction

A proposal for a Bill to establish a Scottish Employment Injuries Advisory Council to shape, inform and scrutinise the social security available to people injured in the course of their employment. The consultation runs from 10 November 2020 to 1 February 2021. All those wishing to respond to the consultation are strongly encouraged to enter their responses electronically through this survey. This makes collation of responses much simpler and quicker. However, the option also exists of sending in a separate response (in hard copy or by other electronic means such as e-mail), and details of how to do so are included in the member's consultation document. Questions marked with an asterisk (*) require an answer. All responses must include a name and contact details. Names will only be published if you give us permission, and contact details are never published – but we may use them to contact you if there is a query about your response. If you do not include a name and/or contact details, we may have to disregard your response. Please note that you must complete the survey in order for your response to be accepted. If you don't wish to complete the survey in a single session, you can choose "Save and Continue later" at any point. Whilst you have the option to skip particular questions, you must continue to the end of the survey and press "Submit" to have your response fully recorded. Please ensure you have read the consultation document before responding to any of the questions that follow. In particular, you should read the information contained in the document about how your response will be handled. The consultation document is available here: [Consultation Document Privacy Notice](#)

I confirm that I have read and understood the Privacy Notice attached to this consultation which explains how my personal data will be used

About you

Please choose whether you are responding as an individual or on behalf of an organisation. Note: If you choose "individual" and consent to have the response published, it will appear under your own name. If you choose "on behalf of an organisation" and consent to have the response published, it will be published under the organisation's name.

on behalf of an organisation

Which of the following best describes you? (If you are a professional or academic, but not in a subject relevant to the consultation, please choose "Member of the public".)

No Response

Please select the category which best describes your organisation

Representative organisation (trade union, professional association)

Optional: You may wish to explain briefly what the organisation does, its experience and expertise in the subject-matter of the consultation, and how the view expressed in the response was arrived at (e.g. whether it is the view of particular office-holders or has been approved by the membership)

Please select the category which best describes your organisation

as a whole).
Unison West Lothian Local Government Branch

Please choose one of the following:

I am content for this response to be published and attributed to me or my organisation

Please provide your name or the name of your organisation. (Note: the name will not be published if you have asked for the response to be anonymous or "not for publication". Otherwise this is the name that will be published with your response).

Ian Sutcliffe, Welfare Officer of the Unison West Lothian Local Government Branch

Please provide details of a way in which we can contact you if there are queries regarding your response. Email is preferred but you can also provide a postal address or phone number. We will not publish these details.

[REDACTED]

Aim and approach

Q1. Which of the following best expresses your view of establishing in law a new, independent Scottish Employment Injuries Advisory Council (SEIAC)?

Fully agree

Please explain the reasons for your response.

The current Industrial Injuries Disablement Allowance is outdated and no longer fit for purpose.

Q2. Which of the following best expresses your view of giving a statutory Scottish Employment Injuries Advisory Council the following functions?

| | Fully agree | Partially agree | Neutral | Partially disagree | Fully disagree | Unsure |
|--|-------------|-----------------|---------|--------------------|----------------|--------|
| Scrutinise legislative proposals on the overarching design of the employment injuries assistance (EIA) system and its entitlement policy. | X | | | | | |
| Continually advise and recommend changes to EIA (including on policy design and entitlement) | X | | | | | |

Q2. Which of the following best expresses your view of giving a statutory Scottish Employment Injuries Advisory Council the following functions?

| | | | | | | |
|--|---|--|--|--|--|--|
| Investigate and review emerging industrial and employment hazards | X | | | | | |
| Commission its own research and make recommendations | X | | | | | |

Please explain the reasons for your response.

The new system has to be robust and suitable for changing with regular reviews

Q3. What (if any) do you think would be the main advantages of the proposed Bill?

Achieving an up to date fit for purpose Bill

Q4. What (if any) do you think would be the main disadvantages of the proposed Bill?

No disadvantages

Q5. Which of the following best expresses your view of making it a legal requirement that the SEIAC's membership includes workers with experience of being exposed to the risk of workplace injury, and their representatives, including trade unions?

Fully agree

Please explain the reasons for your response.

This gives the Bill credence with individuals the Bill has been designed to help

Q6. Which of the following best expresses your experience of the current Industrial Injuries Disablement Benefit (IIDB) scheme (personally and/or professionally)?

Mixed experience

Please explain the reasons for your response. Please do not provide personal information or highly specific information which might identify you (if you wish to remain anonymous) or any third parties in your answer.

The I.I.D.B. scheme is too complicated and not suitable to the majority of ordinary workers

Financial Implications

Q7. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have on:

| | Significant increase in cost | Some increase in cost | Broadly cost-neutral | Some reduction in cost | Significant reduction in cost | Unsure |
|--------------------------------------|------------------------------|-----------------------|----------------------|------------------------|-------------------------------|--------|
| (a) Government and the public sector | | | X | | | |
| (b) Businesses | | | X | | | |
| (c) Individuals | | | X | | | |

Please explain the reasons for your response

I do not think it will have any impact on costs to anyone and will actually encourage employers and employees to take more responsibility

Q8. Are there ways in which the Bill could achieve its aim more cost-effectively (e.g. by reducing costs or increasing savings)?

By encouraging a safer working environment the Bill will provide huge savings

Equalities

Q9. What overall impact is the proposed Bill likely to have on equality, taking account of the following protected characteristics (under the Equality Act 2010): age, disability, gender re-assignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, sexual orientation?

Positive

Please explain the reasons for your response.

This Bill has been produced to be fit for purpose and covers all aspects of the Equality Act 2010 which its predecessor, in my opinion, did not

Q10. In what ways could any negative impact of the Bill on equality be minimised or avoided?

By including all equalities are explored and considered before finalising or it will not be fit for purpose

Sustainability

Q11. Do you consider that the proposed Bill can be delivered sustainably, i.e. without having likely future disproportionate economic, social and/or environmental impacts?

Yes

Q11. Do you consider that the proposed Bill can be delivered sustainably, i.e. without having likely future disproportionate economic, social and/or environmental impacts?

Please explain the reasons for your response.

By encouraging both the employers and employees to have safe working environments the Bill can be sustainable forever as more workers will not be injured at work or exposed to industrial diseases which are more recognised now than in the past

General

Q12. Do you have any other comments or suggestions on the proposal?

No
